Let me help you effectively communicate your message to your existing and potential clients. I will produce a powerful voice advertisement / announcement that can be used for Internet marketing.

While others ask how? We ask, what's next.

At a low introductory fee of \$250, we can create a one minute slide show or video plus voice over which will be sure to effectively reach your target market. All you have to do is provide me with your script and quality photos that you would like to include in your slide show. If you would like me to use pictures from my stock pile, I can do that at a minimal additional fee. My turn around time is usually 1-2 days. On agreement, I will require a deposit of 50% of the agreed amount and the balance should be paid on delivery of the complete file. Market your product or service on the internet, social media or via direct email.

I will communicate your message in a mind-blowing way to your intended recipient(s). Keep in constant touch with your client's by wishing them seasonal greetings Easter, MothersDay, FathersDay, Christmas, NewYears day. Communicate new changes or updates to your services or product lines. I value your business and time. Kindly give me a call and I will address any questions that you have.
